Target Persona: The "Placement-Anxious" Tier-2/3 Final-Year B.Tech Student

Why We Skip Paid Meta Ads & Use High-Trust Campus Distribution

Channel (Prioritised)	Exact 7-Day Execution Playbook	Budget	Target Regs	Why It Works
1. Class CR & Placement Rep Micro-Bounties	Recruit 25 final-year CSE/ECE Class Representatives (CRs). Give each a tracked link (`CR-JNTU-01`). Top 6 CRs bringing 25+ verified classmates win ₹300 / ₹200 / ₹100 UPI bounties + NxtWave Community Lead LOR.	**₹1,200**	**230 Regs**	Official class WhatsApp groups have 95%+ open rates; a CR post feels like a placement notice, not an ad.
2. "Study-Squad" Viral Referral Loop	Immediately after registering, students get a 1-click WhatsApp invite link. Referring **just 2 lab partners** unlocks the *"2026 AI Placement Resume & 30 Interview Prompts PDF"* instantly via WhatsApp bot.	**₹0**	**175 Regs**	Students hate attending coding workshops alone; inviting 2 hostel/lab friends is natural social behavior.
3. College Coding Club Co-Branded Sprint	Partner with 5 Tier-2 college coding/GDSC clubs. Provide co-branded posters + a **₹500 "Best 60-Min Build" Prize** awarded live at Minute 60 via our Automated AI Grader.	**₹500**	**105 Regs**	College clubs constantly need free, high-value weekend events for their members and promote actively.
4. Student Creator WhatsApp Status Seeding	Pay ₹100 UPI each to 3 final-year campus micro-creators to post our 20-sec screen recording of the	**₹300**	**35 Regs**	High-curiosity visual proof from a peer drives fast mobile signups.
